

Do you know that UCP's health insurance plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema? Call the Director of Human Resources, your plan administrator, at 216-453-4954 for more information.
