NOTICE OF PRIVACY POLICY
Updated, Effective September 1, 2013

UCP of Greater Cleveland
HIPAA Privacy Officer: Beth A. Lucas; (216) 791-8363

The following is the privacy policy (“Privacy Policy”) of United Cerebral Palsy of Greater Cleveland, Inc. (“UCP”) as described in the Health Insurance Portability and Accountability Act of 1996 and regulations promulgated thereunder, commonly known as HIPAA. HIPAA requires UCP of Greater Cleveland to maintain the privacy of your personal health information and to provide you with notice of its legal duties and privacy policies with respect to your personal health information. We are required by law to abide by the terms of this Privacy Notice.

Your Personal Health Information

We collect personal health information from you through treatment, payment and related healthcare operations, the application and enrollment process, and/or healthcare providers or health plans, or through other means, as applicable. Your personal health information that is protected by law broadly includes any information, oral, written or recorded, that is created or received by certain health care entities, including health care providers, such as physicians and hospitals, as well as, health insurance companies or plans. The law specifically protects health information that contains data, such as your name, address, social security number, and other information, that could be used to identify you as the individual client who is associated with that health information.

Uses or Disclosures of Your Personal Health Information

Generally, we may not use or disclose your personal health information without your authorization. Further, once your authorization has been obtained, we must use or disclose your personal health information in accordance with the specific terms of that authorization. The following are the circumstances under which we are permitted by law to use or disclose your personal health information.

Without Your Authorization

Without your authorization, we may use or disclose your personal health information in order to provide you with services and the treatment you require or request, or to collect payment for those services, and to conduct other related health care operations otherwise permitted or required by law. Also, we are permitted to disclose your personal health information within and among our workforce in order to accomplish these same purposes. However, even with your permission, we are still required to limit such uses or disclosures to the minimal amount of personal health information that is reasonably required to provide those services or complete those activities.

1. *We will use your health information for treatment/services.*

We use medical information about you to provide your care. We disclose medical information to our employees and others who are involved in providing the care you need. For example, we may share your medical information with physicians or other health care providers who will provide services that we do not provide. Or we may share this information with a pharmacist who needs it to dispense a prescription to you, or a laboratory that performs a test. We may also disclose medical information to members of your family or others who can help you when you are sick or injured, or after you die.

2. *We will use your health information for payment.*

We use and disclose medical information about you to obtain payment for the services we provide. For example, we give your health plan the information it requires before it will pay us. We may also disclose information to other health care providers to assist them in obtaining payment for services they have provided to you.

3. *We will use your health information for regular health operations.*

We may use and disclose medical information about you to operate our therapy services. For example, we may use and disclose this information to review and improve the quality of care we provide, or the competence and qualifications of our professional staff. Or we may use and disclose this information to get your health plan to authorize services or referrals. We may also use and disclose this information as necessary for medical reviews, legal services and audits, including fraud and abuse detection and compliance programs and business planning and management. We may also share your medical information with our "business associates," such as our billing service, that perform administrative services for us. We have a written contract with each of these business associates that contains terms requiring them and their subcontractors to protect the confidentiality and security of your protected health information. We may also share your information with other health care providers, health care clearinghouses or health plans that have a relationship with you, when they request this information to help them with their quality assessment and improvement activities, their patient-safety activities, their population-based efforts to improve health or reduce health care costs, their protocol development, case management or care-coordination activities, their review of competence, qualifications and performance of health care professionals, their training programs, their accreditation, certification or licensing activities, or their health care fraud and abuse detection and compliance efforts.

4. *We will use your health information for Appointment Reminders.*

We may use and disclose medical information to contact and remind you about appointments. If you are not home, we may leave this information on your answering machine or in a message left with the person answering the phone.

Other Uses or Disclosures

1. Business Associates: There are some services provided in our organization through contracts with business associates. When these services are contracted, we may disclose your health information to our

business associates so that they can perform the job we've asked them to do and bill you or your third party payer for services rendered. So that your health information is protected, however, we require the business associate to appropriately safeguard your information.

2. Notification: We may disclose your health information to notify or assist in notifying a family member, your personal representative or another person responsible for your care about your location, your general condition or, unless you had instructed us otherwise, in the event of your death. In the event of a disaster, we may disclose information to a relief organization so that they may coordinate these notification efforts. We may also disclose information to someone who is involved with your care or helps pay for your care. If you are able and available to agree or object, we will give you the opportunity to object prior to making these disclosures, although we may disclose this information in a disaster even over your objection if we believe it is necessary to respond to the emergency circumstances. If you are unable or unavailable to agree or object, our health professionals will use their best judgment in communication with your family and others.

3. Marketing. Provided we do not receive any payment for making these communications, we may contact you to give you information about products or services related to your treatment, case management or care coordination, or to direct or recommend other treatments, therapies, health care providers or settings of care that may be of interest to you. We will not otherwise use or disclose your medical information for marketing purposes or accept any payment for other marketing communications without your prior written authorization. The authorization will disclose whether we receive any compensation for any marketing activity you authorize, and we will stop any future marketing activity to the extent you revoke that authorization.

4. Sale of Health Information. We will not sell your health information without your prior written authorization. The authorization will disclose that we will receive compensation for your health information if you authorize us to sell it, and we will stop any future sales of your information to the extent that you revoke that authorization.

5. Required by Law. As required by law, we will use and disclose your health information, but we will limit our use or disclosure to the relevant requirements of the law. When the law requires us to report abuse, neglect or domestic violence, or respond to judicial or administrative proceedings, or to law enforcement officials, we will further comply with the requirement set forth below concerning those activities.

6. Public Health. We may, and are sometimes required by law, to disclose your health information to public health authorities for purposes related to: preventing or controlling disease, injury or disability; reporting child, elder or dependent adult abuse or neglect; reporting domestic violence; reporting to the Food and Drug Administration problems with products and reactions to medications; and reporting disease or infection exposure. When we report suspected elder or dependent adult abuse or domestic violence, we will inform you or your personal representative promptly unless in our best professional judgment, we believe the notification would place you at risk of serious harm or would require informing a personal representative we believe is responsible for the abuse or harm.

7. Health and Agency Oversight Activities. We may, and are sometimes required by law, to disclose your health information to health oversight agencies during the course of audits, investigations, inspections, licensure and other proceedings, subject to the limitations imposed by law.
8. Judicial and Administrative Proceedings. We may, and are sometimes required by law, to disclose your health information in the course of any administrative or judicial proceeding to the extent expressly authorized by a court or administrative order. We may also disclose information about you in response to a subpoena, discovery request or other lawful process if reasonable efforts have been made to notify you of the request and you have not objected, or if your objections have been resolved by a court or administrative order.
9. Law Enforcement. We may, and are sometimes required by law, to disclose your health information to a law enforcement official for purposes such as identifying or locating a suspect, fugitive, material witness or missing person, complying with a court order, warrant, grand jury subpoena and other law enforcement purposes.
10. Coroners. We may, and are often required by law, to disclose your health information to coroners in connection with their investigations of deaths.
11. Organ or Tissue Donation. We may disclose your health information to organizations involved in procuring, banking or transplanting organs and tissues.
12. Public Safety. We may, and are sometimes required by law, to disclose your health information to appropriate persons in order to prevent or lessen a serious and imminent threat to the health or safety of a particular person or the general public.
13. Specialized Government Functions. We may disclose your health information for military or national security purposes or to correctional institutions or law enforcement officers that have you in their lawful custody.
14. Workers' Compensation. We may disclose your health information as necessary to comply with workers' compensation laws. For example, to the extent your care is covered by workers' compensation, we will make periodic reports to your employer about your condition. We are also required by law to report cases of occupational injury or occupational illness to the employer or workers' compensation insurer.
15. Breach Notification. In the case of a breach of unsecured protected health information, we will notify you as required by law. If you have provided us with a current e-mail address, we may use e-mail to communicate information related to the breach. In some circumstances our business associate may provide the notification. We may also provide notification by other methods as appropriate.
16. Research. We may disclose your health information to researchers conducting research with respect to which your written authorization is not required as approved by an Institutional Review Board or privacy board, in compliance with governing law.

17. Fundraising. We may use or disclose your demographic information in order to contact you for our fundraising activities. For example, we may use the dates that you received treatment, the department of service, your treating therapist, outcome information and health insurance status to identify individuals that may be interested in participating in fundraising activities. If you do not want to receive these materials, notify the Privacy Officer listed at the top of this Notice of Privacy Practices and we will stop any further fundraising communications. Similarly, you should notify the Privacy Officer if you decide you want to start receiving these solicitations again.

All Other Situations, With Your Specific Authorization

Except as otherwise permitted or required, as described above, we may not use or disclose your personal health information without your written authorization. Further, we are required to use or disclose your personal health information consistent with the terms of your authorization. You may revoke your authorization to use or disclose any personal health information at any time, except to the extent that we have taken action in reliance on such authorization, or, if you provided the authorization as a condition of obtaining insurance coverage, other law provides the insurer with the right to contest a claim under the policy.

Your Rights With Respect to Your Personal Health Information

Under HIPAA, you have certain rights with respect to your personal health information. The following is a brief overview of your rights and our duties with respect to enforcing those rights.

1. Right to Request Special Privacy Protections. You have the right to request restrictions on certain uses and disclosures of your health information by a written request specifying what information you want to limit, and what limitations on our use or disclosure of that information you wish to have imposed. If you tell us not to disclose information to your commercial health plan concerning health care items or services for which you paid for in full out-of-pocket, we will abide by your request, unless we must disclose the information for treatment or legal reasons. We reserve the right to accept or reject any other request, and will notify you of our decision.

2. Right to Request Confidential Communications. You have the right to request that you receive your health information in a specific way or at a specific location. For example, you may ask that we send information to a particular e-mail account or to your work address. We will comply with all reasonable requests submitted in writing which specify how or where you wish to receive these communications.

3. Right to Inspect and Copy. You have the right to inspect and copy your health information, with limited exceptions. To access your medical information, you must submit a written request detailing what information you want access to, whether you want to inspect it or get a copy of it, and if you want a copy, your preferred form and format. We will provide copies in your requested form and format if it is readily producible, or we will provide you with an alternative format you find acceptable, or if we can't agree and we maintain the record in an electronic format, your choice of a readable electronic or hardcopy format. We will also send a copy to any other person you designate in writing. We will charge a reasonable fee which covers our costs for labor, supplies, postage, and if requested and agreed to in advance, the cost of preparing an explanation or summary. We may deny your request under limited circumstances. If we

deny your request to access your child's records or the records of an incapacitated adult you are representing because we believe allowing access would be reasonably likely to cause substantial harm to the patient, you will have a right to appeal our decision.

4. Right to Amend or Supplement. You have a right to request that we amend your health information that you believe is incorrect or incomplete. You must make a request to amend in writing, and include the reasons you believe the information is inaccurate or incomplete. We are not required to change your health information, and will provide you with information about this agency's denial and how you can disagree with the denial. We may deny your request if we do not have the information, if we did not create the information (unless the person or entity that created the information is no longer available to make the amendment), if you would not be permitted to inspect or copy the information at issue, or if the information is accurate and complete as is. If we deny your request, you may submit a written statement of your disagreement with that decision, and we may, in turn, prepare a written rebuttal. All information related to any request to amend will be maintained and disclosed in conjunction with any subsequent disclosure of the disputed information. All requests for amendment shall be sent to the Privacy Officer, 10011 Euclid Avenue Cleveland, OH 44106.

5. Right to an Accounting of Disclosures. You have a right to receive an accounting of disclosures of your health information made by this agency, except that this agency does not have to account for the disclosures provided to you or pursuant to your written authorization, or as described in paragraphs (treatment), (payment), (health care operations), (notification and communication with family) and (specialized government functions) of this Notice of Privacy Practices or disclosures for purposes of research or public health which exclude direct patient identifiers, or which are incident to a use or disclosure otherwise permitted or authorized by law, or the disclosures to a health oversight agency or law enforcement official to the extent this agency has received notice from that agency or official that providing this accounting would be reasonably likely to impede their activities. All requests for an accounting shall be sent to Privacy Officer, 10011 Euclid Avenue Cleveland, OH 44106.

6. Right to a Paper or Electronic Copy of this Notice. You have a right to notice of our legal duties and privacy practices with respect to your health information, including a right to a paper copy of this Notice of Privacy Practices, even if you have previously requested its receipt by e-mail.

If you would like to have a more detailed explanation of these rights or if you would like to exercise one or more of these rights, contact our Privacy Officer listed above.
