

Hi Everyone,

As we end another week and do our best to continue to communicate with all of you, we write today with a heartfelt “thank you.” We tend to express thanks in other messages but this week, we want to stress how much we truly appreciate you for all you have done and continue to do on behalf of UCP and each and every client you serve. Many of you are facing both professional and personal challenges but, together, you come together to make a difference. Your dedication and commitment have led to remarkable accomplishments – the children and adults we serve have continued to benefit from your full support and expertise; our Alternative Education Program has moved into new space near Wolstein and been set up beautifully; teenagers participating in summer work are well in place; job placements continue at a good clip; day and therapy services continue to increase and fundraising activities have been very successful. The Group Homes are facing many challenges and you have all responded with continued excellent client care. LeafBridge, OakLeaf, OakLeaf Homes, OakLeaf Partners and Administration – all areas of the agency are flourishing through these tough times. None of this would be possible without the hard work you put in every day.

Be sure to schedule and take all of your vacation so as not to lose it at the end of the year and remember to schedule your Juneteenth floating holiday. You must take time for yourself.

As we always write...and truly mean...PLEASE let us know how things are going. Let us know what we can do to make your work experience at UCP of Greater Cleveland be the best possible. Have a nice weekend and continue to take care of your health and the health of those you care for.

Trish and the Leadership Team
